NOVA.ID.FC

Banco Millennium BCP
Rua Aurea, 130, Piso 3, 1100-063 Lisboa, Portugal

IBAN - PT50 0033 0000 4545 3868 940 05
SWIFT – BCOMPTPL

REGISTRATION FORM

Please fill the following registration form:

https://questionarios.fct.unl.pt/index.php/834285/lang-en

Once registered, email payment proof to info.dinoeggs@campus.fct.unl.pt.

CALL FOR ABSTRACTS
ABSTRACT DUE DATE: APRIL 30TH

Presentations at the symposium span diverse arrays of topics, including fossil egg taxonomy, taphonomy, morphology, biogeography, eggshell function, and dinosaur ontogeny. Presentations are not on dinosaurs only, as sessions on other amniotes eggs and amniotes reproduction and development are frequent.

Abstracts are to be submitted in English. As in previous editions of the Symposium, the articles derived of the presented abstracts will be publish as a special volume of Historical Biology (http://www.tandfonline.com/loi/ghbi20). Abstract acceptance does not guarantee that the final article will be accepted, as the normal editorial and peer review process will take place for all papers submitted to the special volume.

Abstracts are limited to 300 words, excluding title and authors. Abstracts may include a brief paragraph of acknowledgments, up to 30 words, and starting with the word 'Acknowledgments' in bold, followed by columns (**Acknowledgments:**). No references images or tables should be included in the abstract.

Use all capital letters and 12-point **Arial bold or Helvetica bold** type for the title.

Include full author names in a separated line, in 12-ponit Helvetica or Arial regular type. Indicate the corresponding author with an asterisk (*).

Include brief addresses for all authors, in 10-ponit Helvetica or Arial regular type, using consecutive numbers for denoting author addresses. Include an email address for the presenting author.

Use Arial or Helvetica font, 10-point type for the body text.

A template of the abstract can be found at this link: http://eventos.fct.unl.pt/dinoeggs/files/call_for_abstracts_template.docx

Submit your abstract: emailing a *.docx or *.odt file to abstracts.dinoeggs@campus.fct.unl.pt.

Submit any questions to info.dinoeggs@campus.fct.unl.pt

SCIENTIFIC COMMITEE

The scientific committee is headed by **David Varricchio,** Montana State University, who will guarantee the quality of all submitted abstracts, together with his colleagues:

Charles Deeming, University of Lincoln

Octávio Mateus, Universidade Nova de Lisboa

Gareth Dyke, University of Debrecen

Miguel Moreno-Azanza, Universidade Nova de Lisboa

Bruno Pereira, Museu da Lourinhã

Albert G. Sellés, Institut Català de Paleontologia Miquel Crusafont

Bernat Vila, Institut Català de Paleontologia Miquel Crusafont
