

The background features a dark, abstract landscape with rolling hills. The hills are rendered with fine, concentric white lines, giving them a textured, dune-like appearance. A vibrant, multi-colored light source, transitioning from red on the left to yellow in the center and blue on the right, illuminates the scene from behind the hills. In the foreground, the silhouettes of two people are visible, facing each other and gesturing with their hands as if in conversation or sign language. The overall mood is futuristic and educational.

Sign Language Recognition

- Sign Language Application

Next Steps

The background features a vibrant, multi-colored wave pattern transitioning from purple on the left to yellow and blue on the right. In the foreground, the silhouettes of two people are shown in profile, facing each other as if in conversation. The person on the right has their hands raised in a gesture, possibly sign language.

 - Game
 - Sign Language Recognition

The background features a dark, wavy pattern with a color gradient from red on the left to blue on the right. In the center, two silhouettes of people are shown in profile, facing each other as if in conversation. The person on the right has their hands raised, suggesting an expressive discussion or presentation.

Thank you
