

Association Internationale pour l'Histoire du Verre
International Association for the History of Glass

22nd Congress Of The Association Internationale Pour l'Histoire Du Verre
First Circular And Call For Papers

The 22nd Congress of the Association Internationale pour l'Histoire du Verre will take place in Lisbon, Portugal, from Monday 13th to Friday 17th of September 2021. This congress will be organized by VICARTE Research Unit and Department of Conservation and Restoration from the Faculty of Sciences and Technology, NOVA University of Lisbon.

The scope of the AIHV 22nd Congress embraces all strands of glass knowledge and invites authors to submit their contributions to a wide range of fields of interest around glass. Submissions related to all aspects of glass history will be welcome but special attention will be given to consumption and diffusion of glass "on the two sides of the Atlantic" from antiquity to modern times.

The congress will be organized in order to combine an exciting programme of lectures in parallel sessions and posters, museum visits and the opening of a special exhibition organized within the congress. A post-conference tour will be organized.

----- Provisional Programme -----

Monday, 13th September 2021	Registration, 10.00a.m. Opening Session, Lectures
Tuesday, 14th September 2021	Lectures and Visits
Wednesday, 15th September 2021	Day at FCT NOVA, Lectures, Visits, Conference dinner
Thursday, 16th September 2021	Lectures and Poster Session
Friday, 17th September 2021	Lectures and Closing Session of the Congress

----- Contributions -----

Prospective speakers should submit a 250-300 word abstract by 30th November 2020. Please send abstracts using the submission form attached to this mail (also available on the website <https://eventos.fct.unl.pt/22aihv>) and send it as an attached file to 22.aihv@campus.fct.unl.pt. Presentations should not exceed 20 minutes. The official languages of the congress are English, French and German. There will be no simultaneous translation. The Congress themes are expected to focus on the history, archaeology, technology, archaeometry, and conservation of glass from the entire world.
